# FORCA AC123

- **number of channels: 1, 6 or 16**
- frequency: 868 MHz
- permissible operating temperature: from –20 °C to 55 °C
- transmission power: ≤ 10 mW
- power supply: CR2032 battery

The **Forca AC123-01** is a single-channel remote control for operating one window cover or a group of covers. It is also available in 6- and 16-channel versions, which control up to 6 or even 16 devices or groups respectively.

These remote controls stand out for their luxurious finish: the acrylic panel is coated with piano lacquer, giving the device an elegant, refined look. They are also highly energy-efficient: in standard use, the battery only needs replacing every 2 to 3 years.
