IRI.KPAD/KPAD-C

- **manufacturer: Beninca**
- wired or wireless keypad
- vandal-resistant housing
- metal buttons with LED backlighting

IRI.KPAD is a wireless keypad with an exceptionally striking Iridie Pasione Italiana design. The great design goes hand in hand with a very solid construction that is highly resistant to destruction attempts.

The **IRI.KPAD** keypad is also available in a wired version. Both models have chrome-plated buttons made of metal, confirming the press with light and sound.
