ROLTOP/D+ NHK

- **manufacturer: Elero**
- Plug&Play drives
- emergency opening with a crank
- obstacle detection for both directions of movement
- replaceable power cord: 230 V/50 Hz
- power: 118–200 W
- speed: 14 rpm

The ROLTOP/D+ NHK drive is an extended version of the popular ROLTOP/D+, additionally equipped with an emergency manual crank that allows you to raise the roller shutter curtain in the event of a power failure.

ROLTOP/D+ NHK has electronic limit switches. Thanks to this, **there is no need to set the end positions again when the device needs to be operated manually.**

The drive offers Plug&Play functionality, which means that it is ready to work almost immediately after installation. **It also has an electromechanical brake ensuring quiet operation and protection in the event of blocking the armour.**
