Situo 1 Variation io White DIY

- **manufacturer: Somfy**
- type: radio, portable
- number of controlled devices: 1 or 1 group

Situo 1 Variation io White DIY remote control is very convenient to use. Its ergonomic shape makes it fit well in the hand, and the minimalist aesthetics fits into any interior.

The device works in io technology and can control one motor or one group of motors.

The available buttons allow for standard up-down control of the blinds position, the programmable "my" button stops the blinds' movement or sets them in the user-defined optimal position, and **the rotary regulator allows for more precise setting of the slat angle**.
